

Focus on what matters most with Copilot for Microsoft 365

Empower your customers and grow your business with the power of AI

Copilot for Microsoft 365 helps you focus on the work that matters most—like serving your customers and growing your business—with freedom from repetitive tasks and the peace of mind that comes with Microsoft’s commitment to security and responsible AI.

The Microsoft Cloud is one of *the biggest differentiators* for how AI drives innovation across your organization.

A WHOLE NEW WAY TO WORK

Working alongside you in the apps used every day, Copilot for Microsoft 365 uses the combined power of large language models (LLMs) and your business data within Microsoft 365 apps to turn your words into the most powerful productivity tool on the planet.

-  **Supercharged productivity:** Unlock faster access to data and knowledge across your organization.
-  **Amplified creativity:** Amplify ingenuity and innovation with generative AI tools that can turn your ideas into masterpieces.
-  **Trusted security:** Count on responsible, secure AI with a partner you can trust, including Microsoft’s Copilot Copyright Commitment.

 **How much time can you save with Copilot for Microsoft 365?**
Saving just 2.5 hours/month yields an ROI of 180%*

*At \$70,000 employee cost per year, 54 minutes per month = \$30 of employee's time.

Digital debt costs us innovation

In a climate where the pace and volume of work has increased exponentially, people can't keep up—slowing innovation. Generative AI provides automation to remove repetitive and time-consuming tasks, allowing employees to focus more time on strategic work.

Start to build your business case for Copilot for Microsoft 365

At \$30 per month per license, Copilot for Microsoft 365 only needs to save an employee 54 mins to break even. While breaking even is nice, we know that is not enough to justify an investment
